

DRIVING VIDEO RECORDER DR 500

The Essential Device For Capturing Every Moment

Part Number:
8XX 358 052-181

Reliable and affordable, the HELLA DR 500 driving video recorder records 30 frames per second without dropping a single frame with a 3-inch LCD screen and a wide 140-degree viewing angle. Every moment of your commute is captured bright and clear in Full High Definition (FHD) video images.

Enjoy the best motoring assurance and experience while you are on the road with HELLA DR 500.

- ✓ **Full HD 1080P and 140 Degree Wide Angle View**
Captures a wider view of the road with effectively reduced blind spots for maximum visibility.
